VTC Insurance Wins Again: Nation's Best and Brightest Company to Work For.

February 20, 2023 – Troy, Mich. – VTC Insurance Group has been honored with its second “Best and Brightest Companies to Work For in the Nation”, by the National Association for Business Resources. Over 3,500 companies nationwide were nominated for 2022, and the Troy-based agency is one of only 450 companies recognized for its commitment to employee welfare, enrichment, and human resource excellence. VTC will be honored during the virtual Illuminate Business Summit in February 2023.

“These 2022 winning organizations have stood out during unpredictable times and have proven they are an employer of choice. They continue to keep the needs of their employees first and provide perks that include development, wellbeing, work-life balance, rewards and recognition. In addition, these winning companies offer a fantastic work culture and workplace environment that attracts and retains superior employees”, said Jennifer Kluge, President and CEO of NABR and The Best and Brightest Program.

“Being recognized on a national stage for human resource excellence is an honor,” said VTC Insurance Group CEO AI Chandler. “Receiving the same honor twice – under very different circumstances – indicates that we’ve got the fundamentals right. Changes in the workplace notwithstanding, we’ll continue to care for our employees and our culture.”

With the motto “Better Business. Richer Lives. Stronger Communities”, Best and Brightest recognizes the most influential, trend-setting companies across the country and regionally in focused programs. It identifies and honors organizations that demonstrate a commitment to excellence in human resource practices and employee enrichment. Organizations are assessed based on communication, work-life balance, employee education, diversity, recognition, retention and more. All participating companies receive a complementary assessment report and other benefits throughout the year. The National Association for Business Resources focuses on the sharing of best practices, providing tools and resources to positively impact business’ operations.
